

Model 20 HT/GT Mixer
 With a high efficiency gearbox in right angle and parallel shaft configurations, modular design and a wide range of speeds, these agitators provide outstanding application versatility.

MR Mixer
 Metric unit that combines quality, durability, and economy to supply unbeatable value in mixing equipment for the chemical, water and general processing industries.

HT Mixer
 Known for its reliability and flexibility, the HT can be used for any top entry application, simple or complex, up to 1000 HP. We have over 75,000 in service today.

QED^{Plus} Mixer
 Value priced, right angle mixer with a dry well and proprietary worm gear designed specifically for mixing.

HS Mixer
 Side entry agitator that is a great alternative to top entering selections for extremely large tanks or when limited headroom constraints are present.

HTM Mixer
 Available for extremely large applications in a right angle or parallel drive with all the same options as the HT.

BT Mixer
 Biopharma mixer used in any sanitary application. We offer an extensive submittal package to meet the latest FDA requirements.

XP Mixer
 Portable mixer that is available in a bung or clamp mounting arrangement. Most standard designs can be shipped within 48 hours.

DT Mixer
 Small mixer that has many sealing, drive, and wetted parts options and provides long term, trouble free service. These units are also readily available with right angle or parallel drives.

QC Tote Mixer
 Tote mixer with a quick connect drive that can be modified to fit any tote.
